Roman Water Show

In this display, we show you how people like Heron of Alexandria demonstrated that water can be used to create engineering marvels, such as his magical fountain or Ctesibius' water clock, and how some of these amazing inventions work.

1.30pm

Building Conquests

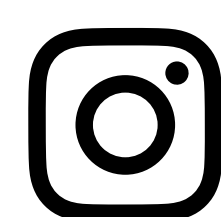

Learn about the ingenuity employed by the Roman army, some of the impossible feats that they accomplished and how they did it.

4.30pm

It's a Woman's World

Discover Roman Life through the eyes of a woman. It's not all about housework and looking after children. The Roman world is full of changing fashions, bizarre beauty practices and specific gender roles.
